

Domestic Cleaning Poles UK

Suppliers of window cleaning poles

WATER FED POLE WITH SOAP DISPENSER INSTRUCTIONS

POLE READY FOR ASSEMBLY

The pole will arrive straight out of the packaging ready to install the brush head.

ATTATCH THE BRUSH

Screw the brush head onto the pole trying to tighten up the best you can.

CONNECT THE SOAP DISPENSER

Screw the soap dispenser to the bottom of the pole ready to connect the standard hose pipe.

SOAP DISPENSER & ON/OFF VALVE POLE CONNECTION

The soap dispenser comes with a shut-off valve to stop the soap from flowing through to the brush head, when it's turned off it will allow you to use the water only option after enough soaps been applied.

You can remove the water on/off valve and screw it directly to the pole without the soap dispenser if needed.
